Artistic Finishes

Enduracor is Artistic Finishes' new line of durable and versatile waterproof core accessories for flooring projects. The line features a four-layer design, making it one of the most technologically advanced accessories on the market, the company says. It is available in quarter round, wall base, stair nose, T-mold, reducer and square nose.

artisticfinishes.com

American Heart Pine

American Heart Pine stair treads and risers come in Southern heart pine and reclaimed heart pine. They are available in bullnose edge or square-nose edge, with matching edge available for landings. They can be supplied plain-end, or right return, left return, or both.

americanheartpine.com

Atlanta Inlaid Floors by Laser Tech

AIF by Laser Tech offers a wide selection of inlays using the latest manufacturing techniques and materials, the company says, as shown in this walnut and brass inlay. Combining these materials with precision crafting techniques gives an unparalleled look not seen in most inlays, it adds.

atlantainlaidfloors.com

Authentic Reclaimed Flooring

Authentic Reclaimed Flooring's post-to-post stair systems are available in both reclaimed and new-harvest woods. Standard and custom-sized treads, newel posts, risers, balusters and post-to-post handrails are available prefinished to match the project floor. Pictured is the company's "Old Dirty Goat" custom oil finish on reclaimed heart pine.

authenticreclaimedfloors.com

Czar Floors

Czar's custom "Wood Rug" inlay design measures 70 by 70 inches but can be scaled up to larger sizes. It is made with a CNC router using clear-grade riftsawn maple, merbau, pear and walnut. The inlay has a ⅜-inch wear layer with plywood backer. It is sanded and finished on-site.

czarfloors.com

CG Hardwood Molding

CG Hardwood Molding offers a complete line of prefinished and unfinished flooring accessories. Its moldings and vents are manufactured with high quality standards, the company says. Pictured is hand-scraped maple nosing with an ultra-matte UV-cured aluminium oxide finish. cghardwoodmolding.com

Distinctive Hardwood Floors

Distinctive Hardwood Floors owner Daniel Antes offers custom design and fabrication of wood floor accents in various sizes, thickness, colors and textures. They are produced on an aerospace-quality CNC router, may be beveled and/or distressed, and come unfinished or prefinished. Pictured is "Unbroken," a 1,220-piece award-winning medallion that measures 1 1/2 inches thick and 72 inches in diameter. danielantes.com

LogPower.com LLC

LogPower.com LLC offers wood flooring spline that is 1/4 inch thick and fits 3/4-inch solid wood flooring. The spline is ideal for changing the tongue direction of a floor, installing borders and more, the company says. The spline is sold in 200- and 1,000-lineal-foot boxed quantities. logpower.com

Nova Distinctive Floors

Stepstar is Nova's patented, height-adjustable stair nosing profile. The profile adjusts for a flush installation for all floor sizes between ¼ inch and ¾ inch, and can be replaced quickly and easily if damaged, the company says. Stepstar is stocked in 94-inch lengths. novafloorings.com

Ridgefield Industries

Ridgefield Industries is one of the nation's leading manufacturers of wood vents and grills in all sizes and species, and all are made in the U.S., the company says. The company offers competitive prices, fast shipping and a lifetime guarantee on all standard vents, it adds. ridgefieldindustries.com

Saroyan Hardwoods

Saroyan Hardwoods offers the industry's largest inventory of coordinating treads, risers, nosings and reducers in up to 26 hardwood species, the company says. Its in-house custom shop can also fabricate accessories to any architectural detail or specification. saroyanlumber.com

Seneca Millwork

Seneca Millwork provides custom stain- and finish-matching accessories to flooring, including specialty finishes, such as wire-brushed, hand-scraped and more. The company manufactures base, quarter-round, base shoe, reducers, thresholds and nosing. Flexible polyurethane moldings are also available for curved installations. senecamillwork.com

Southern Wood Floors

Southern Wood Floors manufactures stair treads, risers and accessories in reclaimed antique heart pine and domestic Southern new heart pine. Treads are available as plain-end, with left or right return, or returns on both ends. All are bullnose, and additional stair nosing is available for landings and top-step floors.

southernwoodfloors.com

SouthFloor

SouthFloor's line of vents, grills, grates and diffusers are made from the same reclaimed antique heart pine and domestic Southern heart pine as the company's solid and engineered wood flooring. They come in a range of styles and sizes; with or without dampers; in flush mount or self-rimming drop-in style; and in louvered, linear or egg-crate designs.

southfloor.com

Stairtek

Stairtek's Retread is available in thousands of colors, 12 species and eight textures, which makes matching prefinished wood flooring a breeze, the company says. All StairTek products offer a 25-year warranty on an aluminum oxide finish.

stairtek.com

Summitt Forest Products

Molding Solutions by Summitt Forest Products offers transition and stair moldings to match practically any floor collection, including hand-distressed, complex finishes, oil finishes, saw-marked textures, and others, the company says.
