### Atlanta Inlaid Floors by Laser Tech

AIF by Laser Tech offers a wide selection of inlays using the latest manufacturing techniques and materials, the company says, as shown in this walnut and brass inlay. Combining these materials with precision crafting techniques gives an unparalleled look not seen in most inlays, it adds.

[atlantainlaidfloors.com](http://atlantainlaidfloors.com)

### Cedar Point Flooring

Cedar Point's inlays and turning blocks are made using exotic and domestic hardwoods and are available in dozens of styles. They can be installed during refinishes or new construction and are ideal for dressing fireplace surrounds, kitchen islands or room borders, the company says. [cedarpointflooring.com](http://cedarpointflooring.com)

### Authentic Reclaimed Flooring

Authentic Reclaimed Flooring's post-to-post stair systems are available in both reclaimed and new-harvest woods. Standard and custom-sized treads, newel posts, risers, balusters and post-to-post handrails are available prefinished to match the project floor. Pictured is the company's "Old Dirty Goat" custom oil finish on reclaimed heart pine. [authenticreclaimedfloors.com](http://authenticreclaimedfloors.com)

### Czar Floors

Czar's custom "Wood Rug" inlay design measures 70 by 70 inches but can be scaled up to larger sizes. It is made with a CNC router using clear-grade riftsawn maple, merbau, pear and walnut. The inlay has a 3/8-inch wear layer with plywood backer. It is sanded and finished on-site. [czarfloors.com](http://czarfloors.com)

### CG Hardwood Molding

CG Hardwood Molding offers a complete line of prefinished and unfinished flooring accessories. Its moldings and vents are manufactured with high quality standards, the company says. Pictured is hand-scraped maple nosing with an ultra-matte UV-cured aluminum oxide finish.

[cghardwoodmolding.com](http://cghardwoodmolding.com)

### Dayspring Hardwood & Moulding Inc.

Dayspring Hardwood & Moulding offers standard and custom treads up to 3 3/4-inch thick and 16 feet long in 35 species. The company also offers reducers, nosing, bases, cases, handrails, T-molds, crowns, thresholds, flooring and feature strips.

[dayspringinc.com](http://dayspringinc.com)

### Distinctive Hardwood Floors

Distinctive Hardwood Floors owner Daniel Antes offers custom design and fabrication of wood floor accents in various sizes, thickness, colors and textures. They are produced on an aerospace-quality CNC router, may be beveled and/or distressed, and come unfinished or prefinished. Pictured is "Unbroken," a 1,220-piece award-winning medallion that measures 1½ inches thick and 72 inches in diameter.  
[danielantes.com](http://danielantes.com)

### Faifer & Company Inc.

Faifer supplies a full range of artfully crafted mesquite wood stair parts designed for both simple and elaborate staircases, the company says. The mesquite naturally ages and displays a rich character, the company adds.

**Haro**

Haro's variety of baseboards are designed to match the look and texture of any Haro wood floor, the company says. The baseboards are made with a medium-density fiberboard core.  
[haro.com](http://haro.com)

**Heppner Hardwoods Inc.**

Heppner Hardwoods offers a number of transition moldings: T-moldings that are 3/8-inch-by-2-inch; baby thresholds that are 1/2 to 3/4 inch thick and 2 to 4 inches wide; and reducers, with or without groove, to fit 1/2- to 3/4-inch-thick flooring. All moldings are available prefinished or unfinished and in all domestic or exotic species.

[heppnerhardwoodflooring.com](http://heppnerhardwoodflooring.com)

**LogPower.com LLC**

LogPower.com LLC offers wood flooring spline that is 1/4 inch thick and fits 3/4-inch solid wood flooring. The spline is ideal for changing the tongue direction of a floor, installing borders and more, the company says. The spline is sold in 200- and 1,000-linear-foot boxed quantities.

[logpower.com](http://logpower.com)

## National Hardwood Flooring & Moulding

The French Galerie Driftwood adorning this staircase is a 3/8-inch-thick engineered oak with a 4-mm top layer that is hand-scraped and features distressed edges.

[nationalhardwood.com](http://nationalhardwood.com)

## Nova Distinctive Floors

Stepstar is Nova's patented, height-adjustable stair nosing profile. The profile adjusts for a flush installation for all floor sizes between 1/4 and 9/16 inch, and can be replaced quickly and easily if damaged, the company says. Stepstar is stocked in 94-inch lengths.

[novafloorings.com](http://novafloorings.com)

## Naturally Aged Flooring

Naturally Aged Flooring offers solid treads and risers that can be distressed and/or prefinished to match any prefinished wood flooring order. The company also provides custom orders, including radius treads and nosings.

### Oshkosh Designs

This medallion was designed to orient the eye throughout the room with the four compass points, while four hardwoods create a contrast, the company says. Oshkosh Designs offers customizable wood medallions to match with the wood, dimensions, and overall thickness of different flooring.

[oshkoshdesigns.com](http://oshkoshdesigns.com)

### Peachey Hardwood Flooring

Peachey Hardwood Flooring produces wood molding, paneling, stair parts and vents, all of which can be made to match the species and color of existing flooring, the company says. The company says it also creates custom orders for unique designs.

[peacheyhardwoodflooring.com](http://peacheyhardwoodflooring.com)

### Saroyan Hardwoods

Saroyan Hardwoods offers the industry's largest inventory of coordinating treads, risers, nosings and reducers in up to 26 hardwood species, the company says. Its in-house custom shop can also fabricate accessories to any architectural detail or specification.

[saroyanlumber.com](http://saroyanlumber.com)

AD ON  
PAGE 13

### Ridgefield Industries

Ridgefield Industries is one of the nation's leading manufacturers of wood vents and grills in all sizes and species, and all are made in the U.S., the company says. The company offers competitive prices, fast shipping and a lifetime guarantee on all standard vents, it adds.

[ridgefieldindustries.com](http://ridgefieldindustries.com)

### Seneca Millwork

Seneca Millwork's T-moldings are available in standard, long-stem and laminate styles and come in lengths of 78 inches. All of the company's flooring transitions are individually shrink-wrapped and packed in five-panel corrugated cardboard boxes in order to ensure customers receive undamaged trims, the company says.

[senecamillwork.com](http://senecamillwork.com)

AD ON  
PAGE 63

### Southern Wood Floors

Southern Wood Floors manufactures stair treads, risers and accessories in reclaimed antique heart pine and domestic Southern new heart pine. Treads are available as plain-end, with left or right return, or returns on both ends. All are bullnose, and additional stair nosing is available for landings and top-step floors.  
[southernwoodfloors.com](http://southernwoodfloors.com)

### SouthFloor

SouthFloor's line of vents, grills, grates and diffusers are made from the same reclaimed antique heart pine and domestic Southern heart pine as the company's solid and engineered wood flooring. They come in a range of styles and sizes; with or without dampers; in flush-mount or self-rimming drop-in style; and in louvered, linear or egg-crate designs.  
[southfloor.com](http://southfloor.com)

### Stairtek

Stairtek's Retread is available in thousands of colors, 12 species and eight textures, which makes matching prefinished wood flooring a breeze, the company says. All Stairtek products offer a 25-year warranty on an aluminum oxide finish.

### Summitt Forest Products

Molding Solutions by Summitt Forest Products offers transition and stair moldings to match practically any floor collection, including hand-distressed, complex finishes, oil finishes, saw-marked textures, and others, the company says.  
[summittforestproducts.com](http://summittforestproducts.com)

### Unity Hardwoods LLC

Unity Hardwoods offers unfinished moldings for  $\frac{3}{4}$ -inch flooring and stair nosings in thicknesses of  $\frac{3}{4}$ ,  $\frac{1}{2}$ ,  $\frac{3}{8}$  and  $\frac{5}{16}$  inch. All of the company's products, which include stair treads and risers, are available in red oak, white oak, maple, hickory and walnut, with other species available upon request.  
[unityhardwoods.com](http://unityhardwoods.com)

### Yantarnaya Pryad-Parquet

Nine different species of wood were used in this design, which aimed to naturally incorporate the color and overall style of the room into the flooring, the company says. No stain was used as a part of this installation; rather, the color was achieved solely by the variety of species used, the company adds.  
[artparquet-eng.com](http://artparquet-eng.com)

### West Wind Hardwood Inc.

West Wind Hardwood Inc. manufactures wood stair treads in custom sizes. Pictured is the company's large-dimension red oak treads for a floating stair. West Wind ships throughout North America.  
[westwindhardwood.com](http://westwindhardwood.com)

### WoodShapes Inc.

Since 1990, WoodShapes has been manufacturing high-quality wood vents and cold-air returns, the company says. The company's product line includes self-rimming, flush-mount and flush-with-rabbeted-frame styles in louvered and grid-style configurations. Damper and prefinishing options are available.  
[woodvents.com](http://woodvents.com)
