DriTac Flooring Products LLC

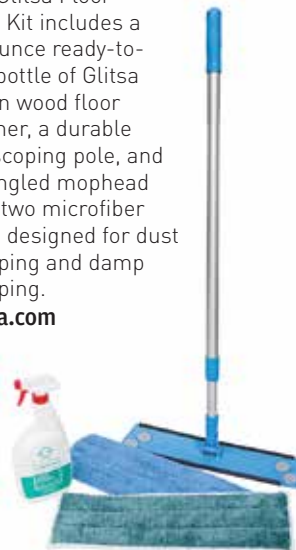

DriTac's "Green" Engineered Wood Floor Repair Kit is specially formulated to repair hollow spots, voids and popping conditions beneath engineered hardwood flooring installations, eliminating the need to replace planks. It features a green, zero-VOC and zero-solvent pressure-sensitive adhesive that is easily cleaned with a damp cloth, the company says.

dritac.com

Glitsa

The Glitsa Floor Care Kit includes a 32-ounce ready-to-use bottle of Glitsa Clean wood floor cleaner, a durable telescoping pole, and an angled mophead with two microfiber pads designed for dust mopping and damp mopping.

Hardwood Industry Products

The EZ Pro Injector Repair System can be injected into engineered or solid wood floors via a hole the size of a toothpick. It uses a special injection-grade adhesive designed to fix pops, squeaks, and hollow spots.

hardwoodindustryproducts.com

Loba-Wakol North America

Loba RepairSet is designed for all smaller repairs of wood, multi-layer wood, laminate, and cork flooring, the company says. All colors are mixable, and the set includes a wedge scraper, hot knife and abrasive fabric.

loba-wakol.com

Mohawk Finishing Products

Mohawk's Hard Fill Kit contains all the products and tools needed to repair minor and medium defects in wood and rigid plastic, the company says. The kit, which comes in a handy carrying case, is recommended for repairs on floors, tops, fronts, sides, doors, drawers and other wood surfaces, the company adds.

PoloPlaz

PoloPlaz Hardwood Cleaner safely and effectively removes dirt and film from commercial, residential, gym and sport floors, the company says. It can be used for daily and weekly maintenance, spot cleaning and routine cleaning before and after activities. It helps reduce "slick" floors caused by buildup of dust, perspiration, and oil-based cleaners, the company adds.
